

# *I See Your Grace*

*Christiane Niemann*

Verse 1            See all - see all the flowers - out there  
With their colours shining in the sun  
Every day you got a new choice  
And you have to decide  
If you wanna take the way and find out  
Where it leads you

Chorus 1           I see your power  
Every minute, every hour  
It makes me believe  
That I can achieve – everything  
I see your grace  
And I know that heaven holds a place  
Oh Lord, that makes me pray

Verse 2            You gotta work hard and there's a lot to consider  
But don't be afraid and waste time with life's sorrows  
Show your heart  
And give your love  
Then all this and more will come back  
Come back to you

Chorus 2           I see your power...

Bridge             Every day, when I pray, you show me the way  
Every day, when I pray, you show me the way  
Every day, when I pray, you help me find my way  
Every day, when I pray, Lord

Chorus 3           I see your power...
